Our Colorful Wedges Baby Blanket embraces the simplicity of garter stitch and throws in the diversion of simple short rows. It's a wonderful project for dispelling any notions that short rows are difficult, and by the time your blanket is finished, you'll be a short row pro (if you aren't one already)!

Our soft and elegant [Mulberry Merino](#) works up beautifully in garter stitch and comes in a ton of stunning colors. If you're like me, you'll find yourself looking forward to each and every color change... A truly fun project all around!

Portable enough to take along on your summer trips, our Colorful Wedges Baby Blanket is knitting at its most stress-free and rewarding! Enjoy! -Kristy

Working wrapped stitches: In this pattern, you do not need to work the wraps with the wrapped stitches. Just knit the wrapped stitches as regular knit stitches.
